AURA BLU NOTE™
PORTABLE WIRELESS SPEAKER

STREAM MUSIC WIRELESSLY FROM ANY BLUETOOTH® DEVICE

- Listen to your saved music from your Bluetooth® enabled mobile phone, PDA, iPod, MP3/MP4 player, portable game console, PC or Mac with this portable, high quality speaker. Non-Bluetooth® devices can still connect via the 3.5mm jack (included).

- Advanced Audio Distribution Profile (A2DP) for high fidelity wireless audio.

- The Bass Boost provides deep, rich, bass tones for a more powerful sound.

- Stereo Widening feature creates a 3 dimensional soundscape.

- If streaming from your phone, make or receive calls using the mobile phone handsfree function.

- Runs on 4 AA batteries, or plug in the AC adapter (both included).

- Stores up to 8 Bluetooth® profiles so you can pair with multiple devices.
